

# Journal of Clean Energy Technologies

## CONTENTS

---

### Volume 2, Number 2, April 2014

|  |     |
|--|-----|
| Modelling Phosphorus Removal in Horizontal Subsurface Flow Constructed Wetlands.....   | 104 |
| <i>Longhua Gao and Long Xie</i>  |     |
| Pulmonary Function Status among Welders in Malaysian's Automotive Industries.....  | 108 |
| <i>Azian Hariri, N. Azreen Paiman, A. M. Leman, and M. Z. M. Yusof</i>   |     |
| Studies on Zinc (II) Adsorption Using <i>Alisma Plantago Aquatica</i> .....  | 112 |
| <i>E. R. Ushakumary and G. Madhu</i>   |     |
| Alkaline Pretreatment of Waste Activated Sludge in Anaerobic Digestion.....  | 118 |
| <i>Watcharapol Wonglertarak and Boonchai Wichitsathian</i>   |     |
| Effect of Activated Carbon Addition with Enhance Performance on a Membrane Bioreactor (MBR).....   | 122 |
| <i>Wimonmas Boonyungyuen and Boonchai Wichitsathian</i>  |     |
| A Comparison of the Mussel <i>Anodonta woodiana</i> 's Acute Physiological Responses to Different Algae Diets.....                               | 126 |
| <i>Yuxian Liu, Aimin Hao, Yasushi Iseri, Takahiro Kuba, and Zhenjia Zhang</i>  |     |
| Remote Monitoring Device Design of Water Quality Information for Rivers and Lakes Based on ARM Techniques.....                                   | 132 |
| <i>Jiping Xu, Lingbin Wang, Jiabin Yu, Xiaoyi Wang, and Junyang Yao</i>  |     |
| Electrode Material of Ceria-Substition Lscm for Symmetric Solid Oxide Fuel Cells Exposed to H <sub>2</sub> Fuel Containing H <sub>2</sub> S..... | 136 |
| <i>Yang Song, Wenyi Tan, and Qin Zhong</i>   |     |
| Modeling Impreciseness of Trophic State Levels for Eutrophication Assessment.....  | 140 |
| <i>Tejaswini Dayanand Nalamutt and Subhankar Karmakar</i>  |     |
| Short Term Trend of Vegetation Removal Estimation by Aerial Photograph Analysis and Flood Flow Simulation.....                                   | 145 |
| <i>Deen Islam, Yuji Toda, and Tetsuro Tsujimoto</i>  |     |
| Phenolic Based Pharmaceutical Contaminated Wastewater Treatment Kinetics by Activated Sludge Process.....  | 150 |
| <i>Sumana Siripattanakul-Ratpukdi</i>  |     |
| Adsorption of Copper Using Pomelo Peel and Depectinated Pomelo Peel.....   | 154 |
| <i>Penpun Tasaso</i>   |     |
| Chromium and Iron Removal for Hard Chrome Bath Recycling Using Eggshell Sorbent.....   | 158 |
| <i>Theeraporn Rubcumintara</i>   |     |
| Sustainable Design in Event Design: Opportunities and Limitations.....   | 163 |

*S'harin Binti Mokhtar and Yi-Shin Deng*

|   |     |
|---|-----|
| Degradation of Paracetamol and Norfloxacin in Aqueous Solution Using Vacuum Ultraviolet (VUV) Process.....      | 168 |
| <i>Thunyalux Ratpukdi</i>   |     |
| The Ideal Map Projection for Sea Ports.....   | 171 |
| <i>Akresh Mohammed Sabri and Ali Said</i>   |     |
| Modeling Sediment Transport and River Bed Evolution in River System.....  | 175 |
| <i>Wanshun Zhang, Yanhong Xu, Yanru Wang, and Hong Peng</i>   |     |
| Optimization of Pyrolysis Conditions to Synthesize Adsorbent from Paper Mill Sludge.....                        | 180 |
| <i>Parmila Devi and Anil K. Saroha</i>  |     |
| Experimental Study on Micro-Biological Degradation of 1,3,5-TMB in Groundwater.....                             | 183 |
| <i>Dunyu Lv and Chu Yu</i>  |     |
| Risk Analysis and Stability Assessment on the Suspended River of the Lower Reaches of the Yellow River...187    |     |
| <i>Changli Liu, Xiuyan Wang, Miying Yin, Hongbing Hou, and Hua Dong</i>   |     |
| Life Cycle Assessment and Environmental Impact Evaluation of the Parabolic Solar Cooker SK14 in Madagascar..... | 191 |
| <i>Lala Andrianaivo and Voahanginirina J. Ramasiarinoro</i>   |     |
